

THE UW CARTOGRAPHY LAB AND  
THE CENTER FOR TEACHING, LEARNING & MENTORING PRESENT

COME FOR THE CURRICULUM DEVELOPMENT, STAY FOR THE FOOD!

**WHAT!** Working in teams with UW-Madison Geographers, you will **write lesson plans for Cartography K-5 education in Wisconsin!** No experience with cartography or mapping needed! Your expertise and insights as educators are invaluable to this project.

**WHEN!** The Design Challenge will be held in a hybrid format on **Saturday, February 12th, from 9 am - 7 pm.** We ask that participants in teams stay for the entire day. **We will feed in-person attendees breakfast, lunch and dinner!** Experts can sign up for a time slot, or stay the entire day!

**WHERE!** In-Person at Science Hall (550 North Park Street) OR Online! In-person attendees will arrive at Science Hall on the UW-Madison campus (550 North Park Street) by 8:45 am. Online participants will log in via zoom. We will match you up based on interests and guide you through the day!

**WHY!** Your contributions (fully credited) will help implement the first cartography public education curriculum and standards in America! Come be part of the Wisconsin Idea as we write teacher-friendly lesson plans. Opportunities for further work with this project are available! Many hands make the best curriculum.

**HOW!** Register by the link below! **RSVP by February 7th.**
